"With the addition of my indoor arena and five interior stalls, air quality became a concern. Arena Rx® has not only allowed for a dust-free environment, but also a consistent riding surface which is critical to limiting injuries when training horses of all levels and disciplines. I would strongly recommend Arena Rx® to anyone who wants an environment that is dust-free and safe for horse and rider."

HEATHER MASON

- USDF Bronze, Silver and Gold Medalist
- "S" USEF Dressage Judge
- Grand Prix Trainer/Rider
